Re: Docket Number: E-01345A-16-0036 + E-01345A-16-0123

Dear Chair Forese and Commissioners,

I would like to thank you for taking the time to read my letter. As a small business owner, I know your time is important. I am concerned about the APS rate case. APS has not made a reasonable case as to why they need to increase their rates. Without this, the proposed rate increase or an increase to the monthly service charge only seems unfair.

Small businesses are looking to you Commissioners to make the fair and just decision in this case and support our local businesses.

Please, again, vote no on these unfair utility charges.

Thank you

ALLEN PILE
